

To: The Honorable Mayor and City Council

From: Maxine Calloway, Esq., A.I.C.P., Director of Community Planning & Development

Date: January 24, 2012

AN ORDINANCE OF THE MAYOR AND CITY COUNCIL OF THE CITY OF NORTH MIAMI, FLORIDA, AMENDING CHAPTER 29 OF THE CODE OF ORDINANCES ENTITLED "LAND DEVELOPMENT REGULATIONS" BY AMENDING ARTICLE 4 ENTITLED "ZONING DISTRICTS", SPECIFICALLY AT SECTION 4-101 ENTITLED "ESTABLISHMENT OF ZONING DISTRICTS", TO REFERENCE THE REGIONAL ACTIVITY CENTER (RAC) AS AN OVERLAY AND SPECIAL PURPOSE DISTRICT, AND TO FURTHER AMEND DIVISION 4, ENTITLED "SPECIAL PURPOSE AND OVERLAY DISTRICTS", TO CREATE A NEW SECTION 4-406 ENTITLED "REGIONAL ACTIVITY CENTER", IN ORDER TO LIST THE USES PERMITTED IN THE RAC CONSISTENT WITH THE CITY'S COMPREHENSIVE PLAN; PROVIDING FOR REPEAL; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR CODIFICATION; AND PROVIDING AN EFFECTIVE DATE.

RECOMMENDATION

That the City Council approves the proposed ordinance to amend Article 4, Section 4-101 of the City's Land Development Regulations (LDR) and create a new subsection 4-406 to establish the Regional Activity Center (RAC) as a new overlay district in the City.

PLANNING COMMISSION RECOMMENDATION

At its meeting on January 3, 2012 the Planning Commission reviewed and discussed the proposed ordinance and raised several questions regarding the purpose of the RAC and its impact to the City's infrastructure and future well being. Staff explained that the RAC was previously adopted in 2003 after the State determined that it met all the level of service requirements and was beneficial to the City. The RAC serves as a tool to promote economic growth and maximize the opportunity for infill redevelopment along Biscayne Boulevard, one of the City's major commercial corridors. As such, the Commission rendered a unanimous vote of 6-0 recommending approval of the proposed ordinance along with following revisions below in bolded font:

Development Limits. The RAC is approved for the following development limits consistent with Chapter 380.06(2)(e), and Section 380.06(29)(a)2 Florida Statutes.

5,000 residential units	(Reduced. Previously 7,000 in 2003 RAC Application)
400 hotel rooms	(Same)
1,043 acres Oleta State Park	(Same)
1,000,000 square feet Industrial	(Reduced. Previously 1,500,000 sq ft)
1,050,000 square feet Office	(Reduced. Previously 1,550,000 sq ft)
1,500,000 square feet Commercial/Retail Sales & Service	Increased. Previously 550,000 sq ft
1,776 (K-8) students School Use	(Same)
1,200 (9-12) students School Use	(Same)
8,199 university students – Florida International University	(Same)

PURPOSE & INTENT

The proposed amendment seeks to revise Article 4 entitled “Zoning Districts” at Section 4-101 entitled “Establishment of Zoning Districts” in order to reference the City’s existing Regional Activity Center (RAC) Overlay District and create a new subsection 4-406 that outlines the permitted uses within the RAC, consistent with Policy 1.13.12 of the City’s Comprehensive Plan.

BACKGROUND INFORMATION

In a regularly scheduled public hearing held on September 23, 2003 the Mayor and Council adopted Ordinance 1146 to establish the City of North Miami’s (“City”) Regional Activity Center (“RAC”) in an effort to promote infill development as well as large scale redevelopment activity consistent with Rule 28-24.014(10)(C)(2), Florida Administrative Code. Per state law the intent of a RAC is to encourage redevelopment in areas of regional significance, particularly encouraging mixed use developments which promote mass transit and reduces the need for automobile dependence. As such, the approved boundaries of the adopted RAC (see attached map) strategically included the Biscayne Landing Site (Residential Mixed use), Florida International University (Educational), Oleta State Park (Recreational) as well as certain neighboring industrial, office and commercial uses. The RAC Overlay District provided a unique opportunity to leverage the benefits of the ideally clustered educational, recreational and transportation resources located along or proximate to Biscayne Boulevard, one of the City’s major commercial corridors.

The City's vision for the RAC Overlay District is to provide a balanced mix of land uses with permitted densities and intensities that serve as a catalyst for economic development. To that end, Policy 1.13.12 of the City's Comprehensive Plan recognizes the purpose of the RAC as established by Ordinance 1146. The proposed amendment seeks to also identify the RAC as an existing overlay district in Section 4-101 of the City's Land Development Regulation to ensure consistency with the vision and intent of the City's Comprehensive Plan and include a new subsection 40406 with clearly outlined permitted uses.

Section 3-1004 of the City's Land Development Regulations requires that all City initiated Map Amendments to the LDR must meet the following minimum criteria:

1. Promotes the public health, safety and welfare;

The proposed text amendment strengthens the City's vision for the RAC and helps to implement the goals and objectives of the City's Comprehensive Plan. Clearly emphasizing the presence of the RAC and the permitted uses in the LDR helps to foster a business friendly environment that promotes economic growth, stimulates job creation and enhances the overall quality of life within the City.

2. Does not permit uses the Comprehensive Land Use Plan prohibits in the area affected by the zoning map change or text amendment

The uses associated with the proposed text amendment are consistent with the permitted uses allowed in the underlying Land Use as identified in the City's Comprehensive Plan.

3. Does not allow densities or intensities in excess of the densities and intensities which are permitted by the future land use categories of the affected property;

The permitted uses, density and intensity of uses within the RAC shall be governed by the underlying land use designations of the subject property.

4. Will not cause a decline in the level of service for public infrastructure which is the subject of a concurrency requirement to a level of service which is less than the minimum requirements of the Comprehensive Land Use Plan;

Per Policy 11.27 of the City's Comprehensive Plan all decisions regarding land use planning and the issuance of development orders and permits shall consider the availability of public facilities and services necessary to support such development at the adopted LOS standards concurrent with the associated impacts. As such all future uses associated with the proposed text amendment shall comply with all concurrency requirements. If it is determined that any proposed development may potentially cause

adverse impacts on the City's current or future infrastructure, the applicant will be required to mitigate the impacts that exceed the established level of service for the given public facility.

5. Does not directly conflict with any goal, objective or policy of the Comprehensive Land Use Plan; and

The proposed text amendment is consistent with the goals, policies and objectives of the City's Comprehensive Plan. Specifically, Policy 1.13.12 which outlines the vision and purpose of the RAC as well as Policy 9.4.6 which requires that the City create land use and zoning regulations that encourage the retention, attraction and expansion of businesses. Furthermore Goal 9 also requires that the City create an environment that will enhance the economic prosperity of local businesses and attract new business while improving the quality of life for all of its citizens.

6. The proposed amendment furthers the orderly development of the City of North Miami.

Staff believes the proposed amendment furthers the orderly development of the City, clarifies the types of uses allowed/encouraged in the RAC overlay District and also helps to preserve the existing mix of uses currently located in within the RAC boundary.

CONCLUSION

Staff is of the opinion that the proposed amendment is in keeping with the goals, policies and objectives of the City's Comprehensive Plan and helps to implement the overall vision of the Comprehensive Plan. Staff requests that the May & Council adopt the proposed ordinance.

REGIONAL ACTIVITY CENTER DESIGNATION

The Future Land Use Element of the City of North Miami Comprehensive Plan is amended as follows:

* * *

2.4 Regional Activity Center

The Regional Activity Center (RAC) designation is intended to encourage and promote large-scale development and redevelopment as well as small parcel infill development and redevelopment that facilitates a balanced mix of land uses by providing maximum flexibility for development and redevelopment activities. In accordance with Chapter 28-24.014(10)(b)2, F.A.C., a Regional Activity Center in the City of North Miami shall be a compact, high intensity, high density multi-use area designated as appropriate for intensive growth by the City and may include: residential use; commercial; office; cultural and community facilities; educational facilities; recreational and entertainment facilities; hotels or motels; transportation facilities; utilities; and appropriate industrial activities. The major purposes of this designation are to facilitate mixed use development, encourage mass transit, reduce the need for automobile travel, provide incentives for quality development and give definition to the urban form.

Chapter 380.06(2)(e), Florida Statutes, and Chapter 28-24.014(10), Florida Administrative Code, authorize local governments to designate areas as Regional Activity Centers where the local government seeks to encourage higher intensities of development by increasing the threshold of development size required to undergo State review as a Development of Regional Impact (DRI), referred to "Chapter 380 Regional Activity Centers." Additionally, Policy 2.1.12 of the Strategic Regional Policy Plan for South Florida authorizes the designation of "Regional Development Districts" to implement the provisions of Chapter 380.0651(3)(d)(3) and (3)(g)(2), Florida Statutes, which provide for the designation of geographic areas highly suitable for increased DRI review threshold intensity.

The designation of a specific area and boundaries as a Chapter 380 regional activity center for the purpose of increasing DRI review thresholds does not change the City of North Miami Land Use Plan map designation of any land, nor does it change the uses or intensities of development authorized by the Future Land Use Plan Element of the City's Comprehensive Plan. It only changes the circumstances under which proposed development in the designated area would have to be reviewed through the Ch. 380, F.S., DRI process.

For an area to qualify as a Regional Activity Center, the following criteria must be met:

1. The type of land uses permitted within each Regional Activity Center and the density of residential uses shall be specified within the City Land Use Plan.

2. Regional Activity Centers shall include mixed land uses of regional significance.
3. Each Regional Activity Center shall be a defined geographical area described in the City Future Land Use Plan text and delineated on a map that is an exhibit to the City Future Land Use Plan.
4. Regional Activity Centers shall be proximate and accessible to interstate or major arterial roadways.

The following area has been designated Regional Activity Center within the City of North Miami Land Use Plan:

North Miami Urban Infill Regional Activity Center

General Location: South of State Road 826, North of the trailer park at the municipal boundary, East of Biscayne Bay and West of U.S. 1. Also, the area west of Biscayne Boulevard generally bound by N.E. 151st Street to the north, N.E. 18th Avenue to the west, FEC Rail corridor to the east and N.E. 137th and N.E. 140th Streets to the south.

List of Permitted Uses: The permitted uses and density and intensity of uses within the RAC shall be governed by the underlying land use designations of the subject property.

The North Miami Urban Infill Regional Activity Center is designated to be a Chapter 380 Regional Activity Center and, subject to amendment of the Strategic Regional Policy Plan for South Florida by the South Florida Regional Planning Council, as a regional development district (a geographic area specifically designated as highly suitable for increased threshold intensity) for the purpose of increasing DRI thresholds.
